

Archive grade optical disc

Professional Drive

Basic Introduction

The PDO Team has many years of expertise in the Optical Storage business.

Start was in 1988 as a Business Unit of Hoechst AG with own MO manufacturing, later as a Philips and Ritek joint venture and extension to CD and DVD disc production.

The key personnel of this unit were the founders of PDO Europe in October 2005.

Focus today is sales and support of archival BD products
